

SHIVANE OM KAPOOR

Chennai, India • IB Diploma Programme, Class of 2027 • English, Hindi, Spanish (Ab Initio)
Email: shivaneonkapoor480@gmail.com • Mobile: +91.75501.45626

IB Diploma Programme student at Hiranandani Upscale School, Chennai (Class of 2027), focused on business, finance, real estate, and consumer behaviour. Published research on consumer trust written under the guidance of a Cornell University professor; research internship on digital attention and youth wellbeing at the Dalai Lama Centre for Ethics & Transformative Values at MIT. Internship experience across customer acquisition, marketing, product management, and operations. Winner, Best Business Idea, Young CEO Program at IIT Madras; Captain of a 200-student school house; founder of a sports media community grown from zero to 15,000 followers in four months.

EDUCATION

- Hiranandani Upscale School, Chennai — IB Diploma Programme, expected graduation 2027. Subjects: Business Management HL, Economics HL, Mathematics AI HL, ESS SL, English Language & Literature SL, Spanish Ab Initio.

EXPERIENCE

Success Gyan, Chennai — Intern: Customer Acquisition, Purchase Behaviour, Marketing, Product Management, Operations & Customer Service | June–July 2024

- Rotated across marketing, lead generation, customer service, HR, and product management within one of India's largest transformation-education companies, gaining hands-on exposure to the coaching and e-commerce industries.
- Developed marketing plans and advertising campaigns, and resolved 10+ customer service requests per day, building direct fluency in customer behaviour and retention.
- Served as crew for two multi-day live programs of ~300 participants each: Millionaire Mindset Intensive (beliefs and money psychology) and Guerrilla Business Intensive (disruptive growth through sales and marketing), supporting operations for large live audiences.
- Studied sales and distribution strategy for digital products and services from inside a functioning funnel.

The Dalai Lama Centre for Ethics & Transformative Values at MIT — Research Intern | June–July 2026

- Investigated how digital stimulation affects the attention, emotional wellbeing, and inner lives of young people.
- Produced five deliverables: research report, Youth Attention & Wellbeing Toolkit, presentation deck, student interview & survey summary, and a public website resource for educators and young people (theintentionalmind.org).
- Developed a framework now shared with educators and students across school, helping both groups examine their relationship with attention, technology, and social media.

RESEARCH & ACADEMIC PROJECTS

Published Research Article with Prof. Daniel W. Hooker, Cornell University | 2025

- Researched and wrote "The Health Industry Is Lying to You: Why You Can't Trust the Label Anymore" — an investigation of labelling practices, public perception, and institutional trust in the food & consumer products industry; published on Republic World.
- Strengthened analytical writing, research methodology, and academic argumentation through sustained collaboration with a university researcher.

Cornell University Guest Class Presentation | 2025

- Led a university class discussion on deceptive practices in the consumer goods industry; presented on the scientific mechanisms, public perception, and consumer impact of GLP-1 medications.

HUSMUN — Model United Nations | 2024–2025

- Competed across inter-school MUN conferences over two years; earned an Honourable Mention. Strengthened public speaking, negotiation, and policy analysis.

SUMMER PROGRAMS

- Spanish Language Immersion, Salamanca, Spain (Summer 2025): B-level conversational classes with full cultural immersion through community interaction and daily life.
- Real Estate & Property Management, UT Austin (July 2025) — commercial real estate and property management fundamentals; multifamily development and emerging markets.
- Psychology & Mental Well-being, UT Austin (July 2025) — adolescent psychology, common mental-health conditions, and behavioural science.

LEADERSHIP & ACTIVITIES

- House Captain, Cavaliers (2025–2026) — led a house of 200 students; organised basketball campaigns across senior, junior, and girls' junior tournaments and coached the players; during term, house swept table tennis (singles and doubles, junior and senior categories), took all three top positions in chess, and won shot put.
- Being Centred Leaders Program (2026–2027) — four-day residential leadership program on "The Design of a Human Being": leading from being rather than ego; listening to the unsaid, communication, integrity, humility, authenticity.
- Sports Media Instagram (2024–present) — founded and manage a sports community grown from zero to ~15,000 followers in four months; self-taught video editing, content strategy, and audience engagement; page has drawn collaboration offers from businesses and grown into a forum for sports communities.
- ISSO Basketball (2024) — power forward at national school level; top-10 finish among 48 international schools.
- Chess (2019–present) — long-term strategic discipline; organised a 2026 open inter-school online tournament of ~100 players, including FIDE-rated participants.
- Math Through Origami, NGO-led community service (2017–present) — volunteer educator teaching mathematics to underprivileged children through 12 origami-based workshops.
- Guitar (2019–present) — school band competition (Grade 9); performances at local and school events.
- Culinary Arts (2017–present) — founded, marketed, and operated "Noodles to a Science," a food stall at the 2023 school fair: sold 276 plates for INR 9,000 profit, negotiated a distributor relationship, and managed a staff of two. Restaurant internship planned.

AWARDS & ACHIEVEMENTS

- Winner, Best Business Idea — Young CEO Program, IIT Madras (cohort of 15), for an app-based on-call laundry, dry-cleaning, and tailoring service.
- Honourable Mention — HUSMUN.
- School Leadership Recognition — House Captain, Cavaliers.
- National-level ISSO basketball competition — top-10 of 48 international schools.
